Correction to Structural Evidence of a Productive Active Site Architecture for an Evolved Quorum-quenching GKL Lactonase

Bo Xue, Jeng Yeong Chow, Amgalanbaatar Baldansuren, Lai Lai Yap, Yunn Hwen Gan, Sergei A. Dikanov, Robert C. Robinson,* and Wen Shan Yew*

The Editor wishes to withdraw "Structural Evidence of a Productive Active Site Architecture for an Evolved Quorum-quenching GKL Lactonase" because of a processing error that resulted in online posting as a Just Accepted manuscript without final approval.
